

LOGIC SM-120 ATV TOPPER (ST21832)

£850

S219 SWEEP-EX BRUSH 1.2m wide with 8 independent rows of bristles provides an economical versatile sweeping system, for light and heavyweight materials. Attachment to System 20 is ultra simple, there are no moving parts so maintenance is minimal and design permits sweeping in both directions. There is very little dust generated and no flying debris ensures safe operation.

ROTARY MOWER is a heavy duty mower offering equivalent to ATV or similar vehicle with excellent visibility and stability. 1.2m wide with triple blades, electric start 1 and easy height adjustment are features of a professional ideal for large grassed areas etc.
